CCG Ghoul Investigators

Tokyo Ghoul: re

The CCG is the only organization in the world that investigates and solves Ghoul-related crimes. Founded by the Washu Family, the CCG developed and evolved Quinques, a type of weapon derived from Ghouls' Kagune. Quinx, an advanced, next-generation technology where humans are implanted with Quinques, is currently under development.

Urie Squad

Qs (Quinx) ● Investigators implanted with Quinques. They all ● live together in a house called the Chateau.

Kuki Urie
Senior Investigator
New Quinx squad leader and most talented fighter in the squad. Demonstrating leadership after the death of Shirazu. Appointed head of S2 Squad.

Saiko Yonebayashi
Rank 2 Investigator
Supporting Urie as deputy squad leader while playing with her subordinates. Very bad at time management and a sucker for games and snacks.

Toma Higemaru
Rank 3 Investigator
Discovered his Quinx aptitude before enrolling in the academy. Looks up to Urie. Comes from a wealthy family.

Ching-li Hsiao
Rank 1 Investigator
From Hakubi Garden like Hairulhei. Skilled in hand-to-hand combat. Came to Japan from Taiwan as a child.

Shinsanpei Aura
Rank 2 Investigator
Nephew of Special Investigator Kiyoko Aura. Unlike his aunt, who graduated at the top of her class, his grades were not that great.

Akira Mado
Former-Assistant Special Investigator
Mentor to Haise. Takes after her father. Determined to eradicate Ghouls. Discharged from the CCG after aiding a Ghoul during the Rushima operation. Working with Amon.

Toru Mutsuki
Rank 1 Investigator
Assigned female at birth, he transitioned after the Quinx procedure. Struggling with the lie he has been living with...

Juzo Suzuya
Special Investitgator
Promoted to special investigator at 22, a feat previously only accomplished by Kisho Arima. A maverick who fights with knives hidden in his prosthetic leg. Appointed head of S3 Squad.

Itsuki Marude
Special Investitgator
Leads Countermeasure II. Working independently to rebuild the CCG due to his doubts about the Washu.

Kichimura Washu
CCG Bureau Chief
Mysterious investigator related to the Washu family. Developed the Oggai for Tokyo Dissolution, a plan to eradicate all Ghouls.

Kisho Arima
Special Investigator
An undefeated investigator respected by many at the CCG. Killed at Cochlea by the One-Eyed King.

Kori Ui
Special Investigator
Promising investigator formerly with the Arima Squad. Became a special investigator at a young age, but has a stubborn side. Assistant to the new bureau chief.

Kimi Nishino
Medical student who studied under Akihiro Kano. Specializes in Ghoul research. Currently investigating the Dragon.

Hideyoshi Nagachika
Kaneki's best friend. Worked behind the scenes as Scarecrow, suggesting the CCG and Ghouls join forces to save Kaneki.

Special Operations Investigator V

Kaiko
Armed operatives who appear when the CCG is in crisis. Secret advisers to the Washu family. Currently under Furuta's command.

Tokyo Ghoul : re

Ghouls

They appear human, but have a unique predation organ called Kagune and can only survive by feeding on human flesh. They are the nemesis of humanity. Besides human flesh, the only other thing they can ingest is coffee. Ghouls can only be wounded by a Kagune or a Quinque made from a Kagune.

Clown Masks

Donato Porpora
A Clown. Used his position as the priest of an orphanage to prey on kids. Kotaro Amon's adoptive father.

Kotaro Amon
Known as Floppy after getting Kakuho transplant surgery, but makes a miraculous recovery with Rc Suppressants. Reunited with his former-colleague Akira Mado.

Uta
Owner of HySy Artmask Studio. Made Kaneki and Qs' masks.

Rize
Ghoul belonging to V. Her kakuho was transplanted into Kaneki, Furuta and the Oggai by Dr. Kano.

Itori
Owner of bar Helter Skelter. Values information.

Banjo
Ayato's lieutenant during his Aogiri Tree days.

The Goat

The Owl
The current incarnation of investigator Seido Takizawa after Professor Kano implanted him with a Kakuho.

Nishiki Nishio
The Ghoul known as Orochi. Tracking the Aogiri Tree.

Shu Tsukiyama
A gourmet Ghoul. Continues to follow Ken Kaneki after the dissolution of his family's conglomerate.

Touka Kirishima
Former manager of Café :re who wanted to carry on the traditions of Anteiku. Pregnant with Kaneki's child.

Ayato Kirishima
Touka's younger brother. A Rate SS Ghoul known as the Rabbit. Exploring the lowest level of the 24th Ward.

Renji Yomo
Former Café :re barista. Touka and Ayato's uncle.

Ken Kaneki
Served as the Qs Squad mentor as Haise Sasaki. A half-Ghoul who has succeeded Kisho Arima as the One-Eyed King. Leader of the Goat, an anti-human organization based in the underground 24th Ward. Working to feed noncombatant Ghouls and stealing Quiques to render the CCG powerless. Recently married Touka Kirishima but then transformed into the Dragon after ingesting Furuta and the Oggai. Rescued by Touka and the Qs.

Hinami Fueguchi
Freed from Cochlea by Kaneki.

So far in : re

Ken Kaneki succeeded Kisho Arima as the One-Eyed King and formed the anti-human organization Goat after the conflicts at Cochlea and Rushima, hoping to create a world where Ghouls and humans can coexist peacefully. Meanwhile, the Washu Family's dark side has been made public and Nimura Furuta, now known as Kichimura Washu, has been appointed new Bureau Chief of the CCG. He hopes to completely eradicate and displace all Ghouls from Tokyo with the Oggai. Kaneki and Touka finally tie the knot, but under orders from Furuta, the Oggai and Suzuya Squad crash the celebration. Backed into a corner, Kaneki consumes the Oggai and transforms into a dragon-like monstrosity before rising to the surface. The Ghouls decide to join forces with the CCG to save Kaneki and the city, and their alliance leads to recovering Kaneki from inside the monster's massive body. However, Furuta can't contain his excitment as the countdown to total human Ghoulification winds down...

HUMAN OR GHOUL...
HOW DO WE DIFFER-ENTIATE THEM NOW...?
FL CK

...WHO KNOWS HOW LONG THAT'LL WORK.
THEY'RE RECEIVING INTRA-VENOUS NUTRITION, BUT...
ARE EX-HUMANS ... TARGETS FOR ERADICA-TION?

I AGREED WITH HER.

...AND FIGHT.
SHE SAID I'M AN INVES-TIGATOR, AND I SHOULD STAY...
...

YOUR WIFE COOL WITH THIS?
You guys could've gone on your honeymoon instead.

LIKE INVESTI-GATOR HIRAKO SAID...
SIGH
...
YOU'RE A GOOD MAN...

...MAYBE EVERY HUMAN IN THE 23 WARDS WILL TURN INTO A GHOUL...

...AND FIND SOME KIND OF TREAT-MENT-
IF WE DON'T FIX THIS SITU-ATION SOON...
IT'S SLOW, BUT HER CONDI-TION IS STEADILY GETTING WORSE.
SAIKO ...

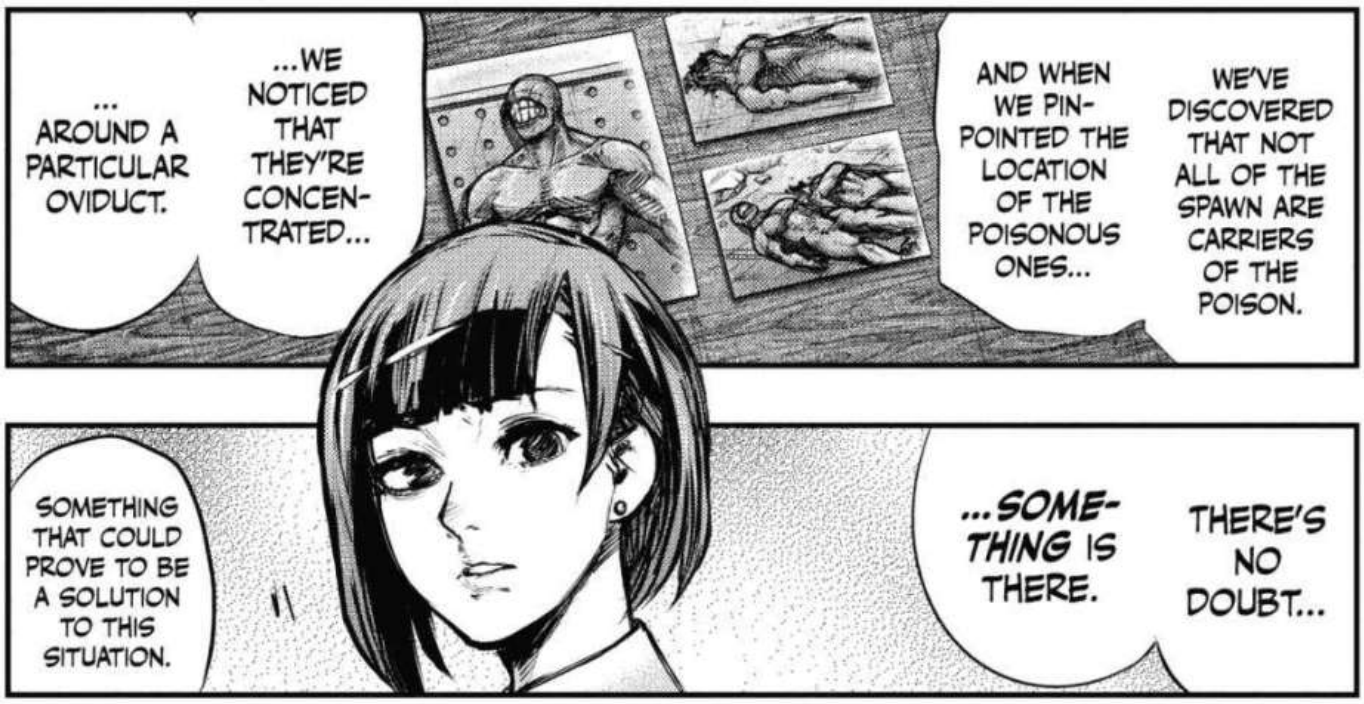
WE'VE IDENTIFIED NINE OVIDUCTS.
... SPAWN, RIGHT ?
BUT IT KEEPS BRING-ING FORTH...
...WE'LL KEEP SEEING MORE AND MORE RCS PATIENTS ...
THAT MONSTER... AS LONG AS THAT THING'S AROUND...

...BUT WHO KNOWS HOW LONG IT'LL TAKE TO REMOVE EVERY SINGLE OVIDUCT.
ONE OF THEM IS IN THE DECAY PHASE...

CUTTING THE POISON OFF AT THE SOURCE IS OUR ONLY OPTION.



WE'VE DISCOVERED THAT NOT ALL OF THE SPAWN ARE CARRIERS OF THE POISON.
AND WHEN WE PIN-POINTED THE LOCATION OF THE POISONOUS ONES...
...WE NOTICED THAT THEY'RE CONCEN-TRATED...
... AROUND A PARTICULAR OVIDUCT.

THERE'S NO DOUBT...
...SOME-THING IS THERE.
SOMETHING THAT COULD PROVE TO BE A SOLUTION TO THIS SITUATION.

BUT EVEN IF THAT'S WHERE THE SOURCE IS, THE RECON TEAM WOULD BE POISONED.
NOT IF THE TEAM IS GHOULS.
NO ...

THERE'S A LARGE UNDER-GROUND OPENING THERE.
PERFECT PLACE FOR TROUBLE TO HIDE.

THERE'S A RISK THAT IF A GHOUL IS EXPOSED TO HIGH LEVELS OF THE POISON...
...THEIR RC CELLS WILL BE AFFECTED.
WE NEED TO TAKE PRECAU-TIONS...

LET ME GO.

YOU ARE, BUT...
I'M RESISTANT TO THE POISON, AREN'T I?

MAYBE KIMI'S THEORY...
...IS RIGHT. IF SO...
WE SHOULD FIND THE SOURCE...
...RIGHT NOW.
HE HAS A POINT... BUT HE'LL NEED SECURITY.
WE'LL PROVIDE SECURITY FOR KANEKI.
NO, A CROWD WILL DRAW ATTENTION.
IT HAS TO BE A SMALL TEAM FAMILIAR WITH THE AREA.
I'LL GO.

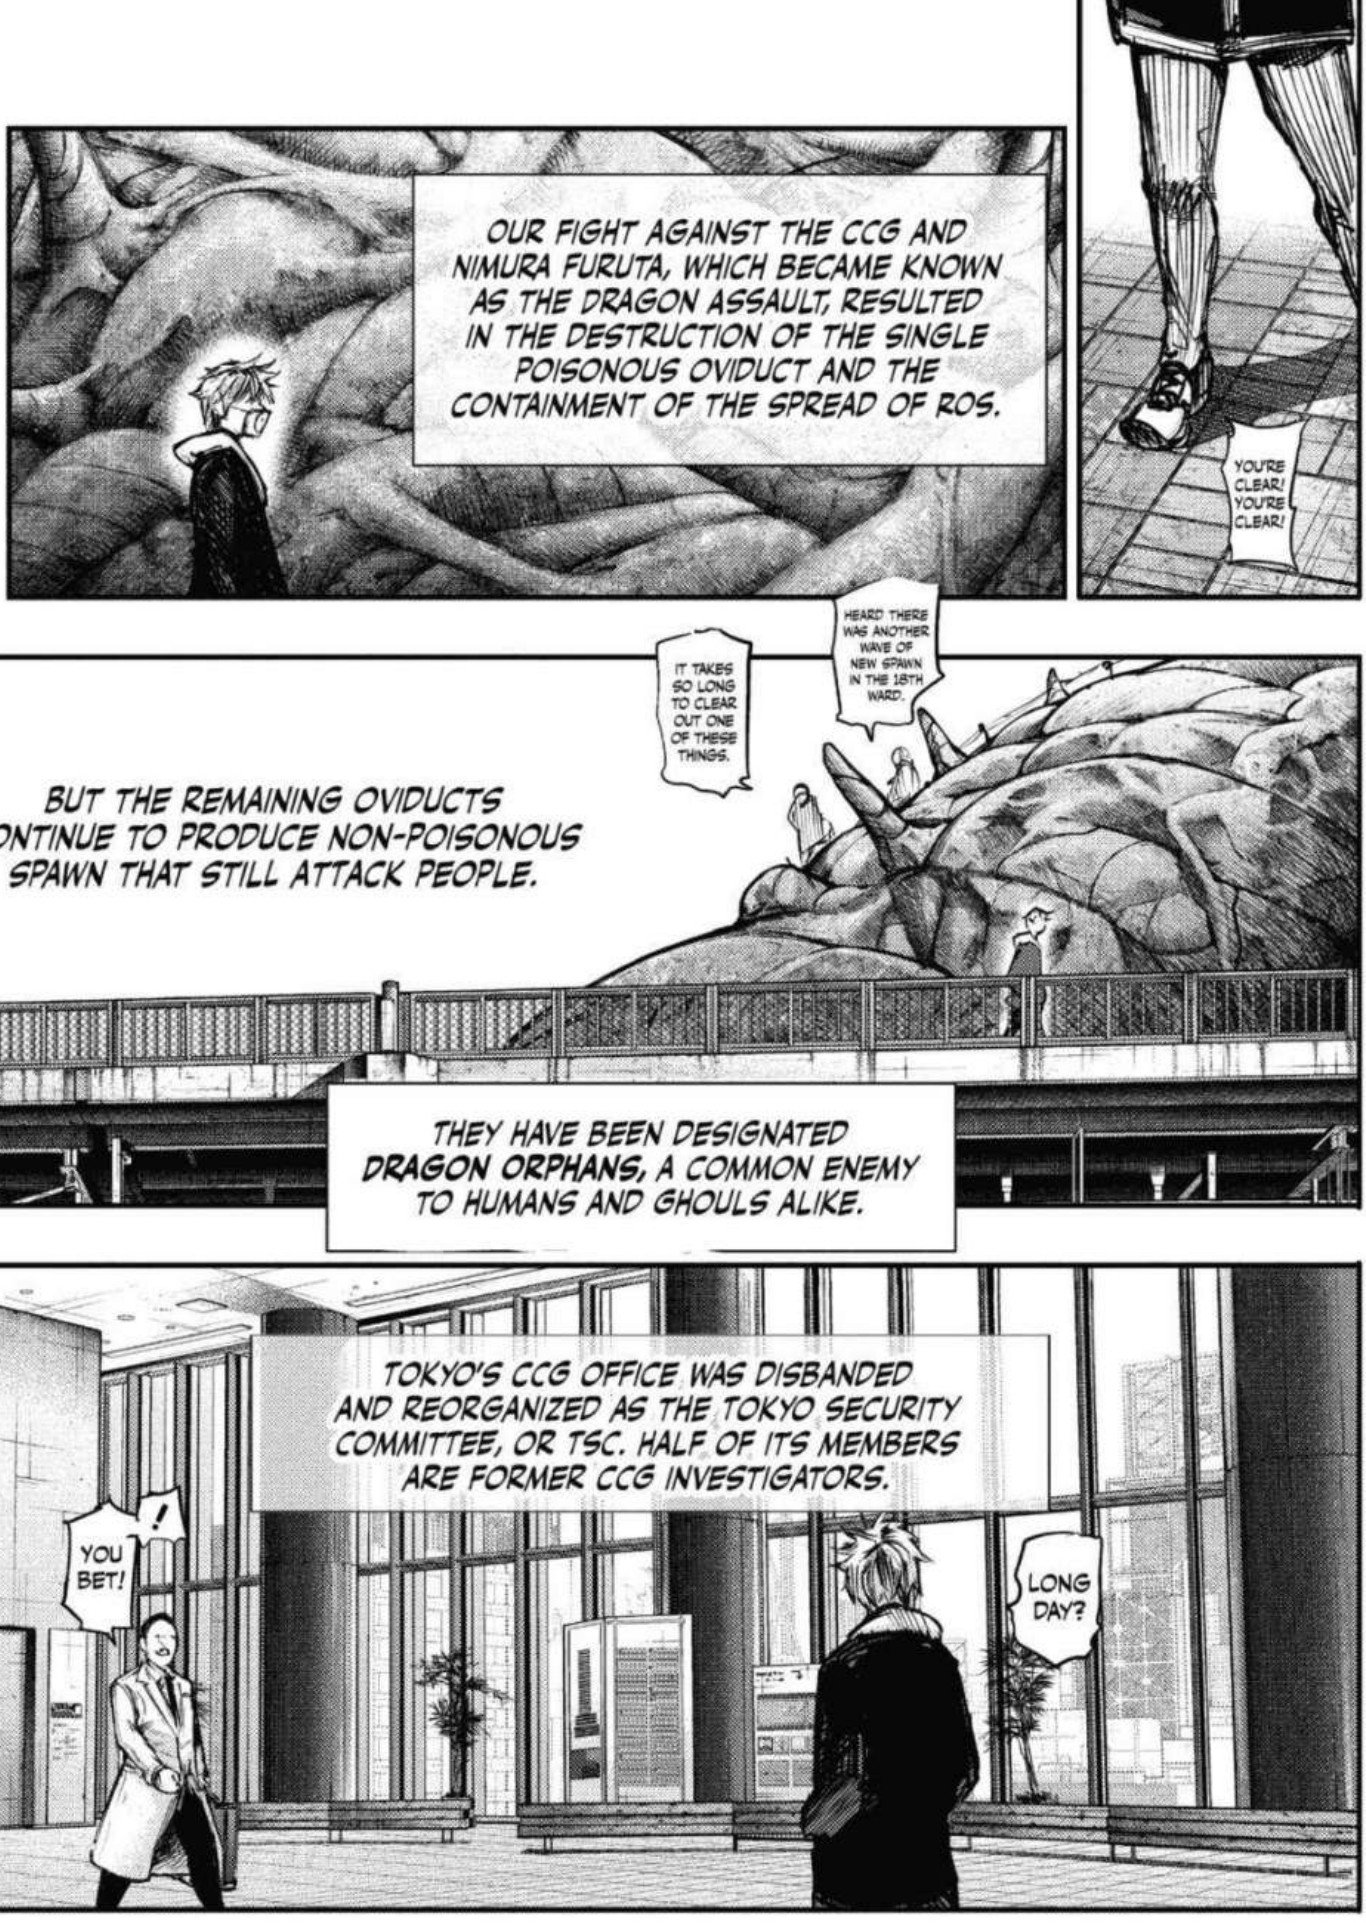
TOKYO CHANGED AFTER THAT.



OUR FIGHT AGAINST THE CCG AND NIMURA FURUTA, WHICH BECAME KNOWN AS THE DRAGON ASSAULT, RESULTED IN THE DESTRUCTION OF THE SINGLE POISONOUS OVIDUCT AND THE CONTAINMENT OF THE SPREAD OF ROS.
YOU'RE CLEAR! YOU'RE CLEAR!
BUT THE REMAINING OVIDUCTS CONTINUE TO PRODUCE NON-POISONOUS SPAWN THAT STILL ATTACK PEOPLE.
IT TAKES SO LONG TO CLEAR OUT ONE OF THESE THINGS.
HEARD THERE WAS ANOTHER WAVE OF NEW SPAWN IN THE 18TH WARD.
THEY HAVE BEEN DESIGNATED DRAGON ORPHANS, A COMMON ENEMY TO HUMANS AND GHOULS ALIKE.
TOKYO'S CCG OFFICE WAS DISBANDED AND REORGANIZED AS THE TOKYO SECURITY COMMITTEE, OR TSC. HALF OF ITS MEMBERS ARE FORMER CCG INVESTIGATORS.
YOU BET!
LONG DAY?
THE BATTLE CONTINUES, EVEN AFTER SIX YEARS.

Itsuki Marude, TSC Director
The longtime Section II commander was appointed director of the TSC. He dedicated himself to guiding the TSC during its inception and early days before eventually relinquishing his position to Takashi Hoji, Kosuke Hoji's uncle.

YO, NAGACHIKA. WE'VE BEEN WAITING FOR YOU.

Sorry, sir.

Katsuya Mabuchi, TSC Intelligence Section Chief
Supported Director Marude as the chief of the intelligence section. He remained with the TSC after Marude's departure.

My eyes...

...got worse.

LET'S START THE BRIEFING.

Shu Tsukiyama, United Front Representative
The head of the Tsukiyama family served as the representative for the United Front, a Ghoul organization that assisted the TSC. He reassembled the Tsukiyama Group to provide necessary equipment to the clean-up effort. After consulting with his father Mirumo, the Tsukiyama family fortune was used to fund the reconstruction of Tokyo.

FIRST ITEM IS THE STATUS OF OUR RE-CONSTRUCTION EFFORTS...

Kazuichi Banjo, United Front Deputy Representative
Brought the hundred Ghouls under his command to work with him alongside Tsukiyama in the United Front.

NAGA-CHIKA.

The Ichimi Brothers
They continued to support Banjo, and Jiro later married Banjo. They held a Ghoul-style wedding, organized by Shu Tsukiyama.

TAKE CARE OF THAT NORTHERN FRONT SITUATION, WILL YOU?

I'LL LET THEM KNOW WHEN I GO SEE THEM.

OH ...

Matsuri Suzuki
The last surviving member of the Washu family had a claim to the position of bureau chief under the old CCG regime, but chose to give up that right and instead served as a general TSC employee. He gathered Washu family history and contributed to research into the Dragon Orphans. He took the name Suzuki after separating from his wife and, as they had no children, the Washu family bloodline ended with him.

Kiyoko Aura
Appointed head of the TSC Academy to develop the next generation of TSC marshals. She remained single her entire life.

Gomasa Tokage
Served as an instructor at the TSC training center, but was stabbed to death by a student.
I SEE ...
IT'S PRETTY BAD...
YES.
A CASE?

I JUST WANTED TO SEE HOW YOU WERE DOING AT THE ACADEMY!
B-BOY ...
Be grateful!
ARE YOU JUST BORED?
SO, IT'S TRUE YOU TOOK OVER YOUR FAMILY'S TEMPLE... WHAT CAN I DO FOR YOU, SIR?

Kori Ui
Deputy head of the TSC Academy.
Taught combat techniques to cadets.

Take Hirako
Offered the position of deputy head of the academy, but declined. He cared for his grandparents until their deaths. He later lived as a civilian but stayed in contact with Ui and Ito. He never spoke about his new job, but Ito believed he worked at a funeral parlor.
IF INVESTIGATOR HIRAKO HAD TAKEN THE JOB, I WOULDN'T HAVE TO DEAL WITH THIS KINDA STUFF...
DO YOU EVER SEE HIRAKO BOY?
SOMETIMES WITH ITO.
Kuramoto Ito
Transferred to the CCG's Kansai Branch where he continued to work Ghoul cases as a Rank 1 Investigator. He liked to pretend he could speak the Kansai dialect.
SO, YOU THINK YOU'RE GONNA BE PROMOTED, INVESTIGATOR KURAMOTO?
NOT TO ASSISTANT SPECIAL INVESTI-GATOR.

Taishi Fura
Remained with the TSC. His diligence was recognized and he was promoted to deputy marshal at the age of 41. He also quit smoking with help from his wife and daughter.
INVESTI-GATOR FURA JOINS US WHEN WE DO.
UM, SIR...
IF YOU HAVE NOTHING TO DO, WE COULD USE MORE INSTRUC-TORS AT THE...

Supported the early TSC from behind the scenes until his death. He prolonged his life using stabilizers stolen from Kano.

I'LL THINK ABOUT IT.
WE COULD USE ALL THE HELP WE CAN GET.

THEY'RE BECOMING A LOT MORE ACTIVE AGAIN...
Yusa Arima
Senior Marshal
Kuki Urie
Assistant Special Marshal

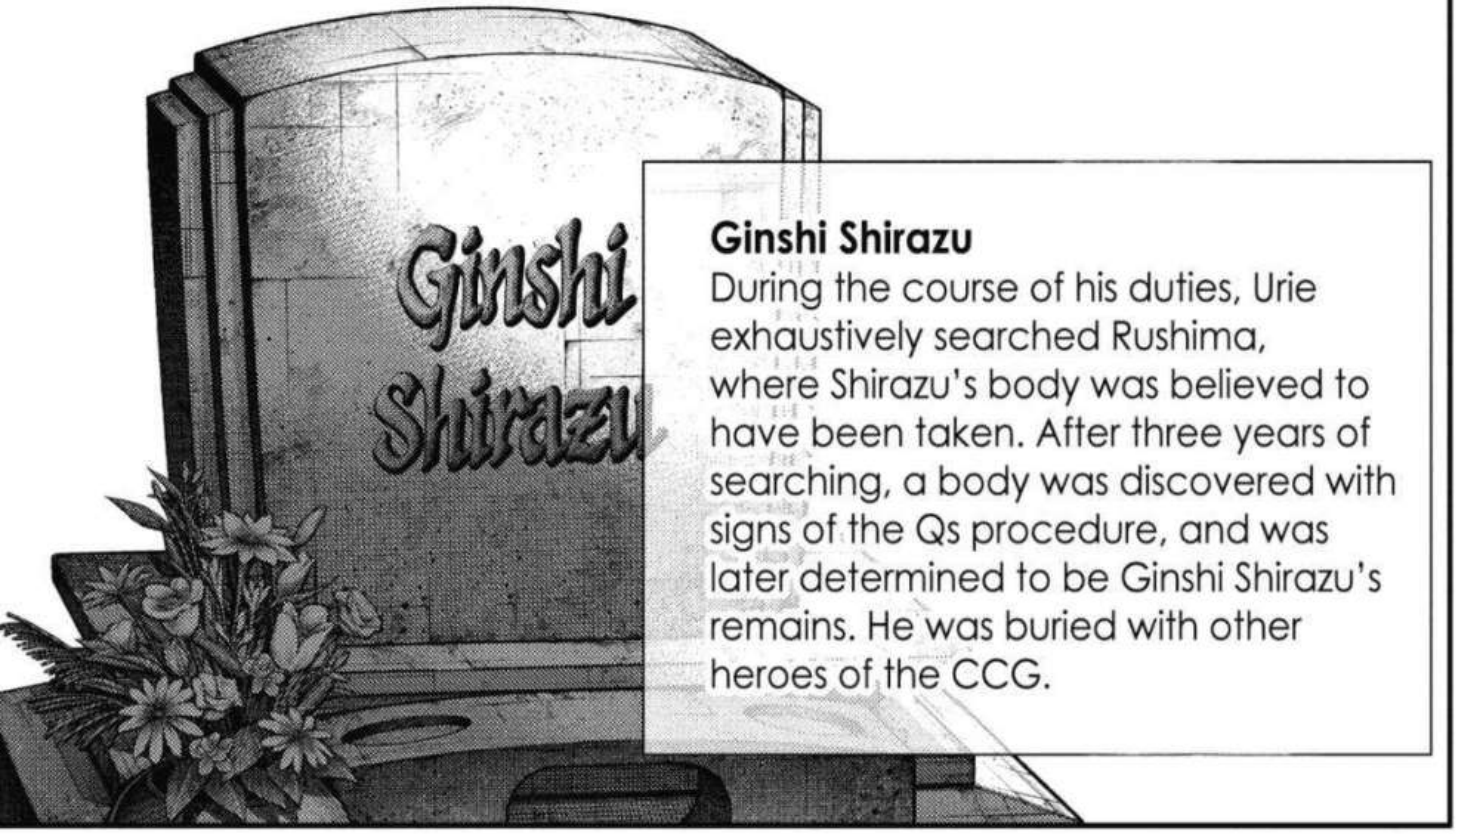
I HEAR SOME WITH THE INTELLIGENCE OF A FIVE-YEAR-OLD ARE LEADING A GROUP OF THEM.
THEY'RE LOOKING MORE AND MORE HUMAN TOO.
THEY'RE EVOLVING RAPIDLY.
WE KEEP SEEING NEW GENERATIONS OF DRAGON ORPHANS.

...AND ...SOMETHING LIKE THE DRAGON ASSAULT HAPPENED CREATED GHOULS.

YES, SIR...
I'M GOING TO GO SEE SHIRAZU.
YOU GUYS GO ON AHEAD.

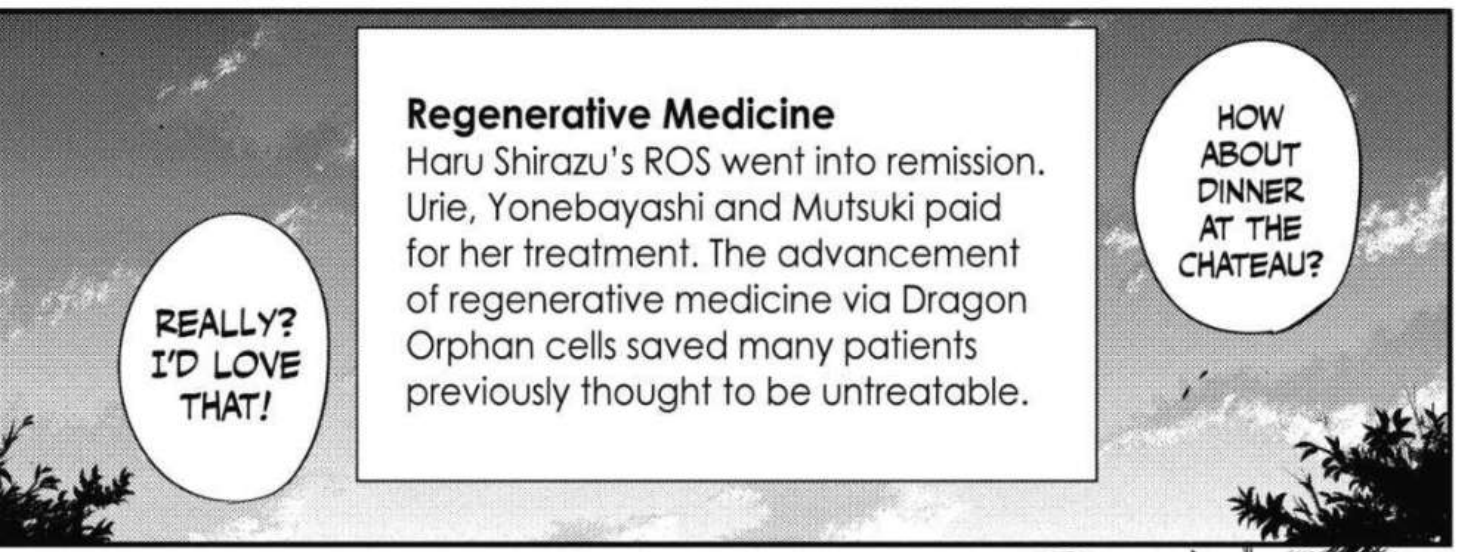
MAYBE A LONG TIME AGO...
And they get the credit again.
They're too fast!

Haru Shirazu
Shirazu's younger sister who had been hospitalized for ROS.



Ginshi Shirazu
During the course of his duties, Urie exhaustively searched Rushima, where Shirazu's body was believed to have been taken. After three years of searching, a body was discovered with signs of the Qs procedure, and was later determined to be Ginshi Shirazu's remains. He was buried with other heroes of the CCG.

Regenerative Medicine
Haru Shirazu's ROS went into remission. Urie, Yonebayashi and Mutsuki paid for her treatment. The advancement of regenerative medicine via Dragon Orphan cells saved many patients previously thought to be untreatable.



Suzuya Squad
The entire S3 Squad, led by Suzuya, was transferred to the TSC where they became the most effective unit in the committee.

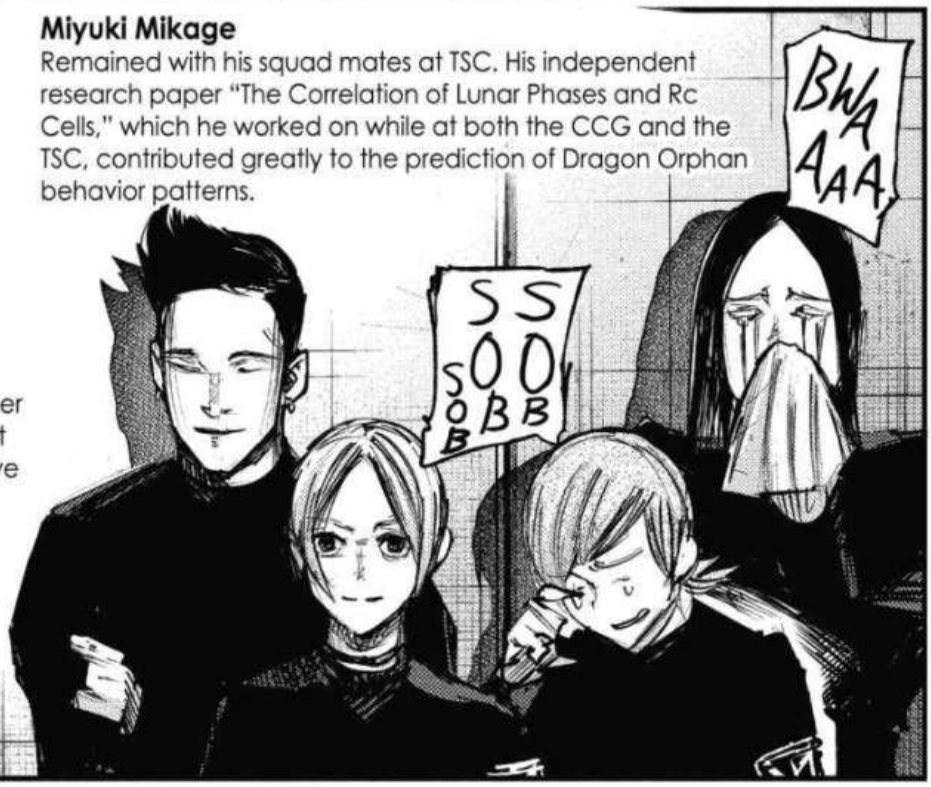
THE ADVANCEMENT OF REGENERATIVE MEDICINE WAS THE GREATEST CONSEQUENCE OF THE DRAGON ASSAULT.

IT SAVED THE LIVES OF MANY PATIENTS OTHERWISE DEEMED HOPELESS.

Juzo Suzuya
Became one of TSC's top marshals, widely respected for his achievements and skills. Earned the rank of dragon general, TSC's highest distinction.

Keijin Nakarai
Worked for the TSC under Juzo as lieutenant dragon general. Withdrew from active field duty after sustaining serious injuries in a battle against Shikorae. Served as an instructor nicknamed "Nakarai the Devil" at the academy under Kiyoko Aura.

Miyuki Mikage
Remained with his squad mates at TSC. His independent research paper "The Correlation of Lunar Phases and Rc Cells," which he worked on while at both the CCG and the TSC, contributed greatly to the prediction of Dragon Orphan behavior patterns.



Mizuro Tamaki
Worked for the TSC alongside Abara under Suzuya's command. Married a TSC agent from the administrative section. Left active field duty at Abara's suggestion and moved to administrative duties.

Hanbeh Abara
Served throughout his life as Dragon General Suzuya's right-hand man.

Yukinori Shinohara
In a vegetative state for years but made a miraculous recovery thanks to advancements in medicine. He was never involved with the TSC after the dissolution of the CCG. However, he assisted the committee from behind the scenes by keeping in touch with Dragon General Suzuya and Diretor Marude and providing them with advice.

Miza Kuskarai
Joined the United Front with Naki and the others. She had nine children (six boys, three girls): Shiori (eldest son), Nagi (second son) and Nage (third son) = twins, Mirei (eldest daughter), Marin (second daughter), Zei (fourth son), Sonki (fifth son), Yanagi (sixth son), Warai (third daughter)

Naki Kusakari
Joined the United Front with Tsukiyama and the others. Helped educate Ghoul orphans and trained young Ghoul volunteers who wished to fight on the front lines. Had nine children with Miza.

Shosei
Worked with Hoguro in the United Front while taking care of Naki's children. Gained human knowledge and taught it to other Ghouls. Remained loyal to Naki throughout his life.

Hoguro
Fell in love with a human woman he met in the United Front. They were married in a Ghoul-style wedding and lived happily. He remained loyal to Naki throughout his life.

Dr. Chigyo
The Ghoul Laboratory gained support and expanded, pleasing many researchers, including Dr. Chigyo. The expansion piqued the curiosity of many, leading to an increase in Ghoul researchers.

Synthetic Foods
The TSC laboratory developed synthetic foods Ghouls could safely ingest. Initially called synthetic meat, the name was later changed to the more euphemistic synthetic foods after several years of experimental rationing.

THE INTRODUCTION OF SYNTHETIC FOODS...

Nishiki Nishio
Dedicated himself to supporting Kimi in her research. He often volunteered to be her test subject.

Kimi Nishino
Continued researching Ghouls. One of her dreams was to adjust Ghoul palates so they could enjoy human food. Her other dream was to take the name Nishio.

THIS IS AWFUL.

DOES IT TASTE LIKE HORSE MANURE?

THAT'S ACTUALLY AN IMPROVEMENT.

...SLOWLY CHANGED THE LIVES OF GHOULS FOREVER.

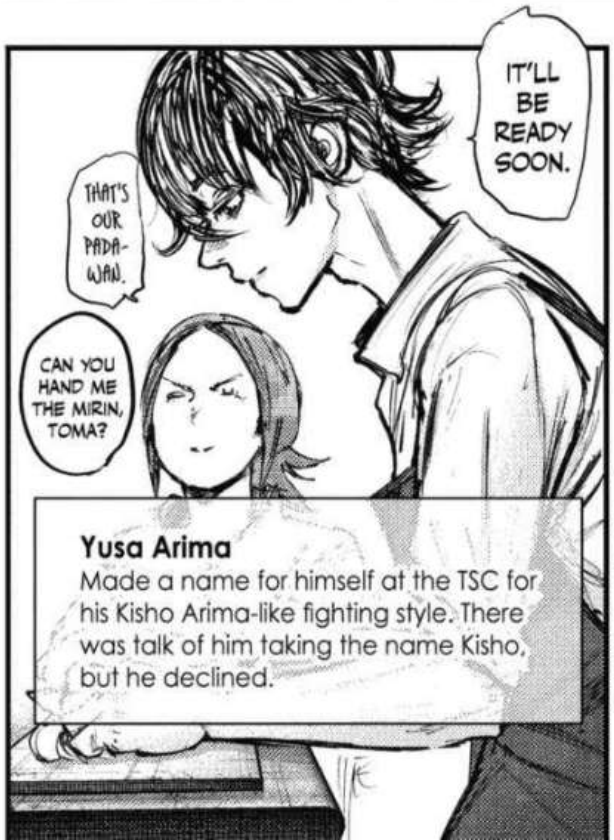
Madame A
Awakened to agriculture. Learned the preciousness of food and life. Photographed here with Saburo (cow).

Chie Hori
Exhibited her photographs of the Tokyo devastation overseas. After several years assisting at the TSC, she returned to casual photography. Remained lifelong friends with Shu Tsukiyama.

Shikorae
Able to absorb the Rc Cells of other Ghouls, giving him the special ability to form new Kagune. Absorbed the cells of Dragon Orphans and became a Kakuja. Many civilians and TSC agents fell victim to him. He set a record for the most casualties by an individual Ghoul and became the most dangerous Ghoul since the inception of the TSC.

Kurona Yasuhisa (Kuro)
Moved to Europe to combat violent Ghouls. She is believed to have visited conflict areas in the Middle East, but her whereabouts since are unknown.
Seido Takizawa
Went missing after the Dragon Assault. Many eyewitness accounts were reported of a half-Kakuja preying on Ghouls.
Grave Robber (Yumitsu Tomoe)
Formed a safe haven group to help Ghouls who could not assimilate with humans.

...
WHILE SOME DIDN'T.



Yusa Arima
Made a name for himself at the TSC for his Kisho Arima-like fighting style. There was talk of him taking the name Kisho, but he declined.

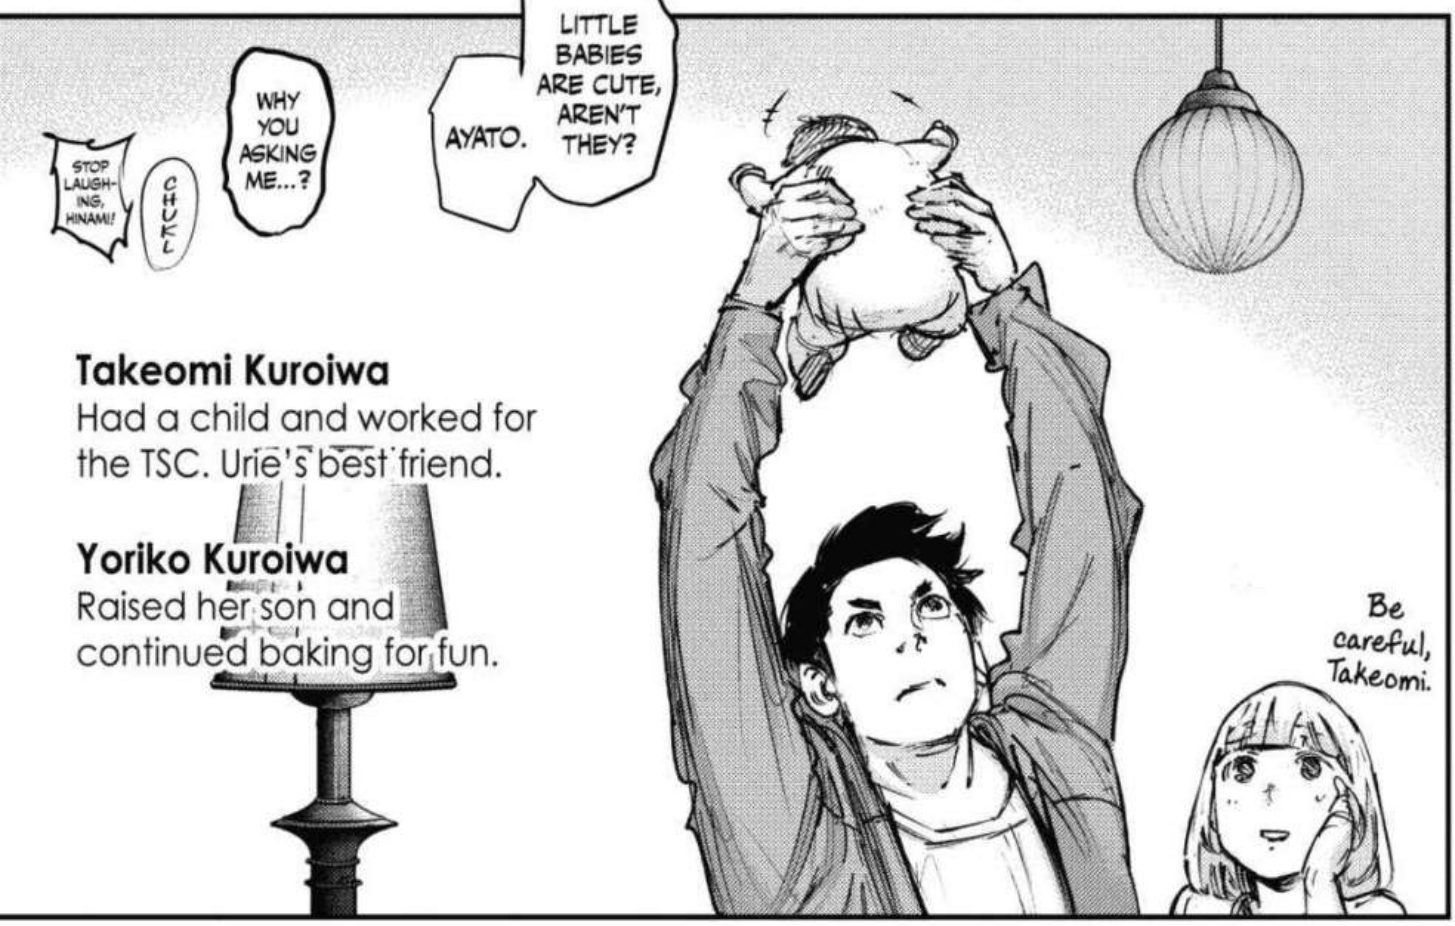
Ryusen Tatsumichi
Third-generation Qs. Qs were effective against Dragon Orphans and so Qs research continued.

Susu Sanzu
A distant relative of the Ihei branch of the Washu family. Admired Hsiao and joined the squad. Possessed incredible physical abilities due to her bloodline.

Saiko Yonebayashi
After completing treatment for ROS, she remained with the TSC to train young Qs with Urie and became the motherly mascot of the Chateau. Cared for her dying mother with her older brother.
THE CHATEAU WILL BE EVEN BETTER... HEH HEH...
WE'LL HAVE ONE MORE CHEF IN THE HOUSE...
HSIAO'LL ...
...BE BACK ON DUTY NEXT MONTH.
Kuki Urie
TSC assistant Special marshal. A successful young Qs Squad leader who helped train the next generation.
I WISH MUCCHANKO WOULD COME BY ONCE IN A WHILE.
HE WAS PROMOTED TO SPECIAL INVESTI-GATOR.
Wow!
I KNEW HE WOULD!
YEAH... (SHE OUTRANKS ME NOW THOUGH...)
Get a hair-cut?
Ayumu Hogi
Assistant special investigator in the CCG Regional Branch with Mutsuki. Commanded many fine investigators.
Toru Mutsuki
Did not stay with the TSC. Stationed in the CCG Regional Branch with Hogi and Aura. Promoted to special investigator.
SO, MAMAN'S KIDS ARE...
...ALL GROWN UP NOW.
YOU SHOULD GO SEE THEM TOO, URIBO!
DID YOU GO SEE THEM AGAIN, YONE-BAYASHI?
Toma Higemaru
Trained the younger generation and contributed to building cooperation between the TSC, police and fire departments.
Shinsanpei Aura
Stationed in the CCG Regional Branch with Mutsuki. Admired his aunt Kiyoko throughout his life.
Hsiao Ching-li
Took a leave of absence from the TSC for health reasons when she was 26. During her convalescence, she assisted with life-prolonging efforts for half-humans. She later returned to perform administrative and intelligence work.

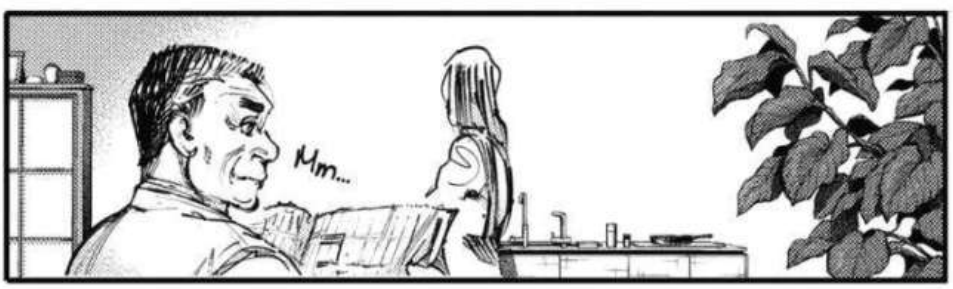
Ayato Kirishima
Joined the United Front. Led operations at elevated positions that were difficult for marshals to access and eradicated Dragon Orphans with his outstanding leadership.

Hinami Fueguchi
Taught reading and writing at the United Front's orphanage for Ghouls. Accompanied by Ayato when she shopping in rural areas.



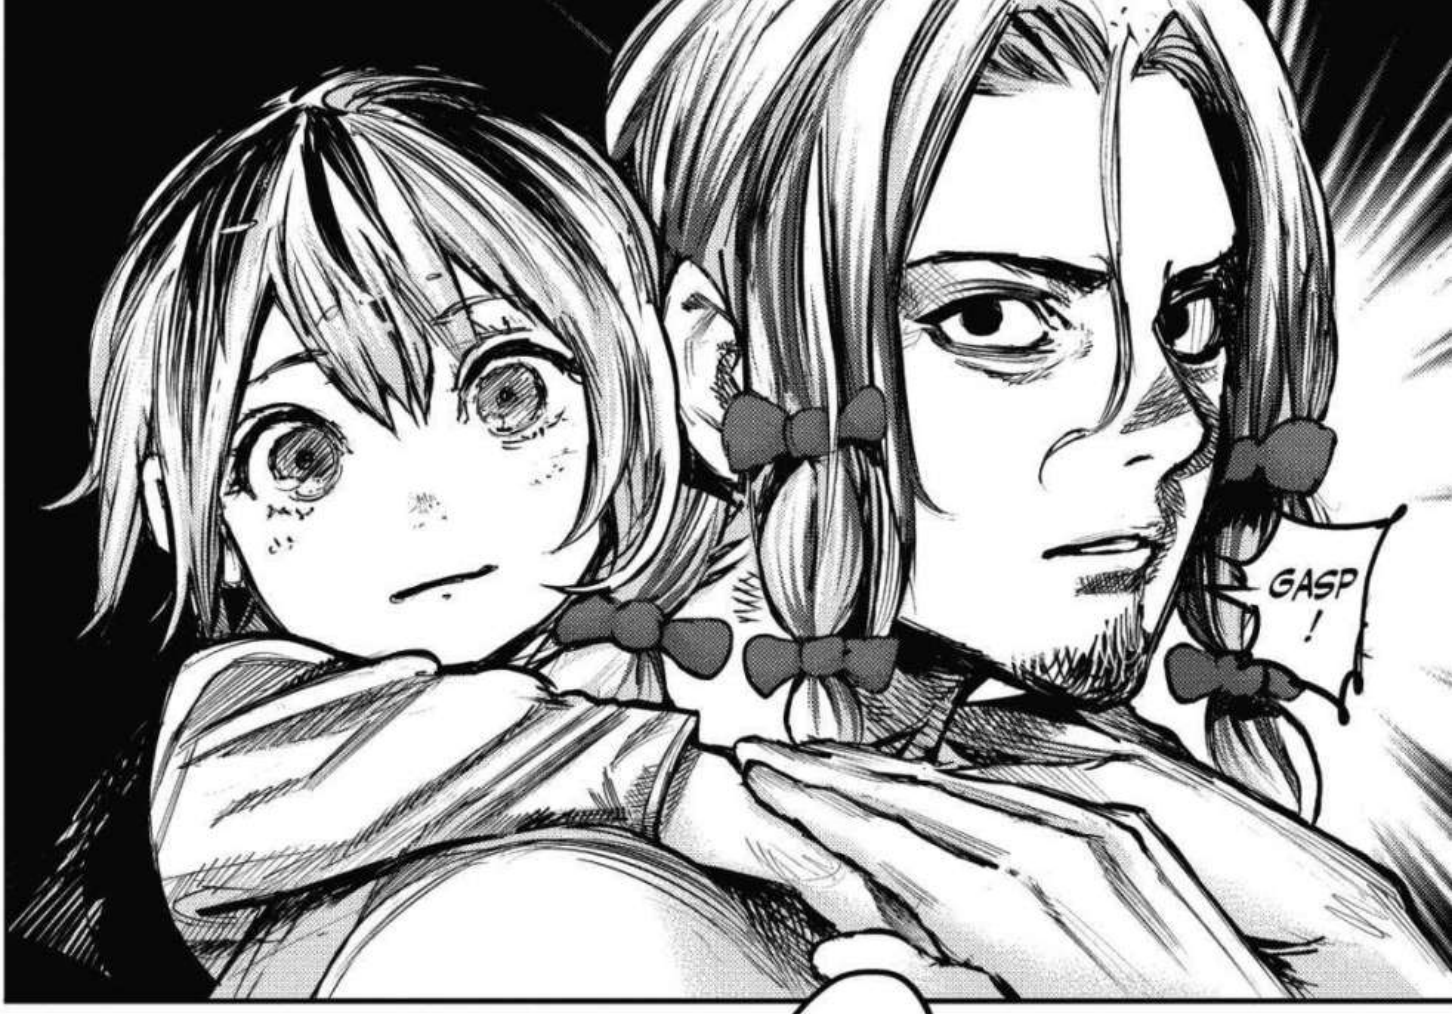
Takeomi Kuroiwa
Had a child and worked for the TSC. Urie's best friend.

Yoriko Kuroiwa
Raised her son and continued baking for fun.



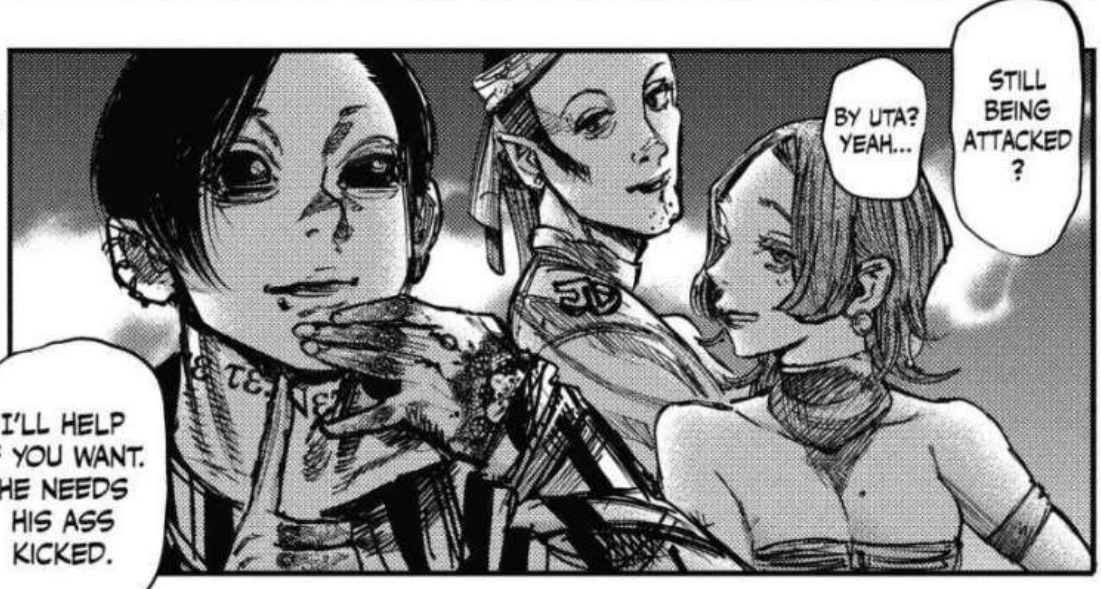
Iwao Kuroiwa
Hospitalized before the Dragon Assault, but served as Marude's aide once his neck healed.

Misato Gori
Worked for the TSC with Iwao Kuroiwa. Wooed by many male marshals for her dedication to work. Has yet to respond to a single marriage proposal.



Itori
Enjoyed whatever Uta did. She may have never told him her feelings for him.

Nico
Remained drinking buddies with Itori and Uta. Eventually went south to find love.



Uta
Planned attacks on Yomo, designed masks and silver accessories. Probably lived happily as long as Yomo was alive.

Renji Yomo
Often visited Touka and Kaneki between Uta's attacks to see their daughter.

THE WORLD KEEPS CHANGING.

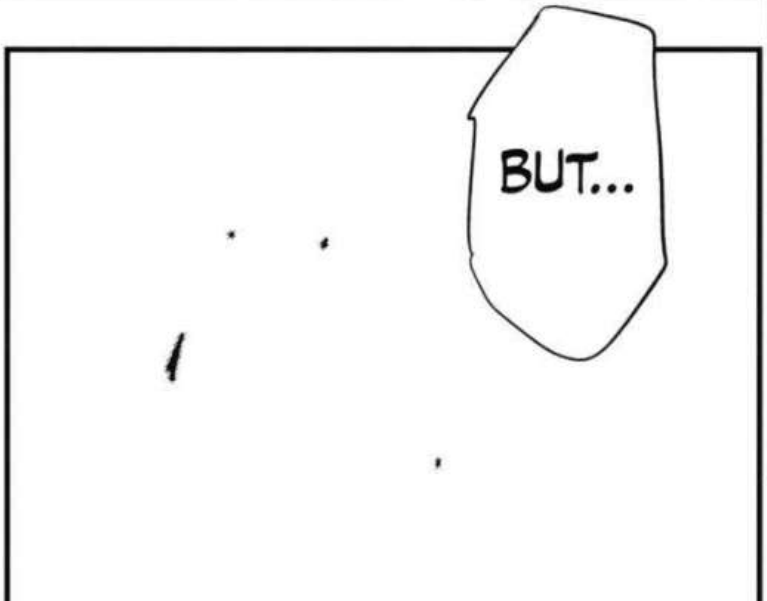
Ken Kaneki
He nearly drowned in the Dragon's fluids after eradicating it, but was rescued by Ayato Kirishima. Returned to the surface in bad shape and slept for two whole weeks. Provided assistance to both the TSC and the United Front.

DOES ALL THE TALK ABOUT ME BOTHER YOU?

I MAY HAVE COME TO TERMS WITH WHAT I DID...
...BUT NOT EVERYONE ACCEPTS MY ACTIONS OR EVEN MY EXISTENCE.

...IF THE WORLD...
...CHANGED FOR THE BETTER OR FOR THE WORSE.

I STILL WONDER...



BUT...

Hideyoshi Nagachika
Lived in an orphanage after his Ghoul investigator father died when he was in elementary school. Was adopted and later met Ken Kaneki.

I DON'T SAY IT *THAT* MUCH.
I KNOW YOU SAY IT A LOT WHEN I'M NOT AROUND.
ONLY LIKE TWO OR THREE TIMES.
YOU SURE ABOUT THAT?
OKAY, MAYBE FOUR TIMES...

Using his experience with the CCG and the TSC, he traveled around the world to help spread the peace efforts of the United Front.

YEAH. I'LL SEE YOU LATER.

YOU TOO, HIDE.

DON'T PUSH YOURSELF TOO HARD.

He and Ken Kaneki remained best friends their entire lives.

IT'S A BEAUTIFUL DAY.

The End

I'm writing this three days after finishing the final chapter.

Normally I include a four-panel comic at the end of every volume, but it didn't feel right to do that for the afterword. So I decided to write it instead.

START ➡

◆ The Beginning

Tokyo Ghoul was first published in September of 2011.

For the seven years since then, I've lived a life of facing one deadline after another. If I took a break, I felt like I'd never be able to write again, so I never asked for hiatus.

Now that the series is done, I can finally live a life free of deadlines!

How did I spend my time before all this started?

If I were to honestly describe what I'm feeling right now, it would be *release*.

That is how closely *Tokyo Ghoul* was tied to my life. It dominated my emotions and time. It even changed my relationships.

There were good times, but a lot bad times as well.

So I finally feel like I've been released from a cage I've been locked in.

"It's just a manga. How bad could it have been?"

You might laugh at me for feeling this way, but manga was a huge obstacle that was always with me. My attitude toward manga changed from around volume 7 of *Tokyo Ghoul*.

I worked in an overly demanding way in order to push myself.

I think I was trying to be like Kaneki while he was being tortured.

I started experiencing health issues.

I was concerned at first, but every few months, I would come down with a variety of symptoms, so eventually I just accepted it.

What I remember most clearly is losing my sense of taste.

Everything tasted the same. The symptoms may be different, but I felt like a Ghoul.

I was shocked to learn how closely the mind is tied to our bodies.

This may disappoint some of my readers, but writing *Tokyo Ghoul* was not a "fun" experience. I hate working!

"Why do I write manga?"

I began to question myself.

◆ Childhood

I moved around a lot because of my father's job.

By the time I was in the sixth grade, I had lived in Tokushima, Tokyo, Kanagawa, Saga and Fukuoka. I lived in Taiwan as a kindergartner too.

Making friends then having to leave them was my life. It was hard making close friends.

I naturally became close with my family, but my father was a very strict man, so my home was not a comfortable place.

I liked playing games behind my father's back. I would also draw once in a while.

◆ Drawing

I copied my older sister and started drawing around the first grade.

I would draw fantasy adventure stories with dragons and swords on stacks of paper to make my own manga.

I eventually wanted proper art supplies. Right around that time, a cram school was doing a manga artist set giveaway that you could win by studying and earning points. I studied hard to save up points.

The prize cost a lot of points. I think it took a few months to earn enough points.

I finally had enough points and got the manga artist set. That was the first time I held a G Pen.

When I dipped the nib into ink and drew a line on hard Kent paper, I felt like I opened a forbidden door.

I spent some time pretending to be a manga artist, until one day my hand slipped and I spilled ink all over the tatami mat.

My mother was furious. She, for some strange reason, wiped the ink off the tatami mat with steaming hot rice (high absorption, maybe?). That's me, dejected, watching my mother clean.

I felt so guilty that I permanently sealed up the manga artist set. I wouldn't hold a pen for the next ten years.

If I hadn't spilled the ink, maybe I'd have been a super genius manga artist...

CONT'D ➡

◆ My Dream in Elementary School

I remember writing "gymnast" in an essay.

I was an overweight kid until the sixth grade, but I think I was actually pretty athletic.

I was particularly good at floor exercises and horizontal bars. I used to do backflips too.

I never really planned on becoming a gymnast, but I think I felt guilty writing "manga artist" in my essay.

◆ Junior High School

I was a pretty good student. My parents hounded me to study, so I did.

I liked English. I was proud, at the time, that I passed the Grade 2 exam English proficiency test when I was in the seventh grade. (Although I don't understand much English now.)

My parents were upset if I got bad grades. I studied so they wouldn't get on my case.

When I had the best score in school, I told my father about it. He said "keep it up." Looking back now, I think that was his way of praising me, but...

I remember thinking hard work got me nothing.

That's when I couldn't find a purpose in studying anymore.

A wall too high...

◆ College ~Moratorium~

I wanted to get away from my parents, so I applied to schools with dorms.

Dorm life was fun. I basically spent all my time playing video games.

My grades were terrible. Dead last in my class. The subjects they taught didn't interest me.

I also started drawing on the internet. I would draw using a mouse at first, then used a pen and tablet. And eventually moved on to drawing color illustrations on a PC.

◆ Job Hunting

While the people around me were job hunting, I did nothing. I couldn't find a job I was interested in.

All the jobs required specialized knowledge learned at school. I wasn't interested in studying so I didn't look for a job.

I felt left behind. Not sure of what I should do.

I fought with my parents a lot.

My father chewed me out so I gave in and finally started looking for a job. My memory of then is a bit hazy, but I supposedly said "I'm dead" to him.

Maybe those words were the last straw. He let me choose another path.

The path that came to mind was "becoming a manga artist."

◆ Moving to Tokyo

I studied manga before moving to Tokyo. My editor Mr. Matsuo got me an assistant's position.

At one point, I had the privilege of working at the studio of Mr. Yasuhisa Hara *(Kingdom)*.

I was a totally useless assistant. I was just an inconvenience to them, but I learned so much.

I remember being awed at seeing a professional artist's work for the first time. It was so powerful, you could almost feel the artist's passion coming off the pages.

Mr. Hara was already a leading artist at the time and continues to be today. I have so much respect for him.

CONT'D ➡

◆ Happy Moments

I know I've only been bringing up painful memories, but there were a lot of happy moments too.

I got to choose artists I liked to write songs for the anime.

(They're both still demos, but both songs are really good.)

These songs still bring back memories. I love all of them.

Meeting and talking to Mr. Yoshihiro Togashi of *Hunter x Hunter* through a Hisoka spinoff project is a great memory too.

He was a very charming and cool person.

He sprawled on the floor and showed me how he usually creates his storyboards. I sat on my knees and watched him.

I couldn't tell if it was real or a dream.

He wrote me a letter on the back of a *Hunter X Hunter* storyboard before I met him.

It was for chapter 351 where Hisoka battles Chrollo. It was such a nice gesture. I remember being touched by it.

To this day, I look at it when I need courage. It's a family treasure.

I was simply happy the readers enjoyed my work. Even if it was stressful, knowing people enjoyed it got me through.

That may sound cliché, but it was truly the biggest reward. It basically meant everything.

◆ In Closing

I'm so happy I got to conclude *Tokyo Ghoul*.

Not because I've been freed from it, but because by creating this story, I was able to think about a lot of things, like me, creativity, art and the industry of making "things." I got to meet a lot of great people too.

The last six months of creating *Tokyo Ghoul* was truly a joy. There was so much to discover and appreciate.

"Why am I writing and drawing manga?"

I think it's because that's what I needed. It's a clumsy manga, but I like it.

I have nothing but gratitude for everybody that was involved, the readers, and you for reading this.

Thank you so much.

◆ In Passing

I recently dug up a diary entry I wrote nine years ago.

I want to bring this naive young man to where I am now. I'm putting this out there knowing how embarrassing it is.

Amen to me, nine years ago.

7/7/2009

I'm in Tokyo. Living alone.

Looking back at my diary, it becomes so clear how clueless, thoughtless and pathetic I am.

I was such a punk my second year of college (technical college), it makes me laugh. Thinking I grew up a bit since then, I read back some of my recent diary entries... What I wrote isn't much different from back then. I need to grow up...

Why are my diary entries from tech college almost all about my dreams? I really must've been sleeping the whole time...

I'm writing a storyboard I'm taking to Shueisha right now. I'm going at 5:30 p.m. tomorrow... It's a war story. Although I'm not sure I have the skills right now to do a sci-fi story.

I used to wonder what my five years at tech college was for or about things I should've done. I would sometimes feel regret.

But all of that past led to who am I now. My mistakes, struggles, the little bit of success I had, make me who I am.

If I can accept who I am now, that would mean accepting all of my past. All of my failures still live inside me.

If I'm happy now, it's because of who I used to be (and of course) who I am now.

I can't accept everything. But I "kinda" like who I am. That's not so bad, right?

FINAL VOLUME

TOKYO GHOUL

The Commission of Counter Ghoul is the only organization in the world fighting the Ghoul menace, and it will use every tool at its disposal to protect humanity from the ultimate predator. Its newest weapon in this hidden war is an experimental procedure that implants human agents with a Kagune—the Ghoul organ of predation—giving them Ghoul powers and abilities. But both the procedure and the newly formed Qs Squad are untested. Will they become heroes... or monsters?

The Ghoul-CCG alliance secures its first victory when it rescues Kaneki from the monster he was entombed within. But the creature still poses a dire threat to the city as it continues to birth mutant Ghouls, some of which are infecting humans with a horrific form of Ghoulism! The only cure lies deep in the belly of the beast itself, and Kaneki is determined to find it. But will this act of bravery be the final strike to end the war or Kaneki's last stand?!
